This Key Facts Statement provides you with an indicative information that you should know prior to availing your covered card facility from Abu Dhabi Islamic Bank Public Joint Stock Company (ADIB).

### Product Description

ADIB covered cards are Sharia inspired product that help you in paying for your daily expenses. ADIB EDGE covered card provides cashback, preferred flight ticket rates from ADIB's Travel Desk, free access to VIP Airport Lounges in Abu Dhabi & Dubai Airports and much more with our ADIB Edge Covered Card.

### Covered Card Mechanism

At the time of applying for a Covered Card, you can provide for your Card's Cover Limit by:

- First Option - Using your own money OR
- Second Option - Using the cash proceeds which you will receive from selling the commodities you receive and own because of concluding a commodity Murabaha sale contract with ADIB.

In both options, your cover limit will be deposited in the Covered Card's Short Term Investment (STI) Account. The monthly distributed profit, if any, earned on the investment of the daily balance in the STI Account of the Covered Card will be credited by ADIB to you in the Card Account on a monthly basis, in accordance with the terms and conditions of this account.

If you choose the Second Option, the following are also applicable:

1. Monthly instalment amounts equal to the Murabaha monthly profit payable by you are debited from your Covered Card Account monthly over a 10 year period (120 months)
2. Twelve (12) equal monthly instalment amounts, the total of which equals the cost of the Murabaha, are debited from your Covered Card Account in the last year (the 10th year) on a monthly basis.

The deductions of the instalments mentioned above in points 1 and 2 occurs whether you utilize your Card Cover or not because these monthly instalments are contractually due from you to ADIB.

3. A Bonus (derived from ADIB's Shareholders' funds) may be credited to you in the Covered Card Account by ADIB, at its sole discretion, on a monthly basis that may, along with the achieved profit of the STI, result in waiving fully or partially the Murabaha Monthly Instalment (Profit).

As a result, your net monthly payment would be equal to: [Murabaha monthly instalment (profit)] – [STI profit earned + Bonus granted],

Where:

- Murabaha monthly instalment (profit) = Covered Card limit \* Number of days in the calendar month of the billing cycle \* (Monthly Profit Rate /30) \* Where Covered Card limit = Murabaha Cost
- Short Term Investment (STI) profit earned if any, is paid by ADIB to you monthly and calculated on the daily available balance in the Covered Card account during the calendar month of the relevant billing cycle.
- Bonus earned is derived from ADIB's Shareholders' funds and may be credited to you in the Covered Card Account by ADIB, at its sole discretion, on a monthly basis.
